Jane Carr Accessories are great statement pieces for your favourite outfits! The quirky and out-there scarf designs are perfect for livening up neutral looks and come in an array of styles and lengths.

The label is dedicated to creating luxurious hand-finished accessories in distinctive prints and vivid colours and all the products are printed in Como, the centre of high quality Italian printing. A great bonus is that they also do beach accessories! You'll be the centre of envious stares on your sun filled holiday.

Heavenly use of fabrics such as cashmere, silk blend and silk satin makes for sophisticated, yet playful designs giving you the opportunity to create different looks. My favourite styles are The Stole and The Carrel! The gorgeous use of colours, lengths and prints makes Jane Carr Accessories a definite must-have in my eyes of all things fabulous! Prices range from about £82-£320.
